Crop reports from southwestern Alabama and Georgia say where crops that are worked out are looking well, although late, and that many fields are foul and the plant is stunted. **BOYS BOUND OVER ON MISCHIEF CHARGE.**  
Accused of Stripping Houses of Brass, Lead and Wiring.

As a result of numerous house-breakings reported within the past week, George Darling and Alphonse Munoz, aged about 14 and 15 respectively, were charged with burglary and held to answer to the grand jury by justice McClintock Friday morning, being remanded to jail in default of \$300 bail each.

Officer Remsper caught Darling prowling about vacant houses at 1409 and 1411 Myrtle avenue. Investigation of the houses showed that they had been practically stripped of all manner of gas pipes, thumb screws and electric wire. Darling admitted having been found in the house and implicated Munoz, who denies all knowledge of the thefts. The officers say they found in the boys' possession several "pans" of tubing, pieces of brass, thumb screws and a monkey wrench.

It will cost us over \$400 to repair the damages, written by the "pans" within the past few days," said Frank Coles, who has the renting of the two houses and who testified against the boys. "It is going on not only this one locality, but all over town."

S. Fuentes, Loriente Munoz and Ben Garcia, ranging in ages from about 12 to 15, were also before justice McClintock on the same charge and were also bound over to the grand jury. The specific offense with which they are charged is taking piping and fixtures from a vacant house at 704 Arizona street. Similar fixtures the police say, were found upon them by officers and upon being taken to the residence, fitted exactly in the places from which fixtures were missing.

## LAS CRUCES AND MESILLA VALLEY JOLLIFICATION FOR STATEHOOD AT LAS CRUCES

Large Number Attend Band Concert and Hear the Addresses.

Las Cruces, N. M., June 24.—Thursday night, June 23, will ever be remembered as one of the history making events in Las Cruces statehood jollification being well attended. The people came in from the ranches and by 7:30 p. m., Main street was thronged with hundreds of people, wagons, buggies and automobiles.

The band stand in the plaza had been decorated during the afternoon with bunting and flags and presented a gala appearance; a large flag was suspended across the street, having previously had the necessary two stars added to bring the field of constellations up to the required number of 48.

The band opened the program by playing the Battle Hymn of the Republic, and the speakers, having gathered around the entrance to the band stand stood with bared heads.

Chairman Martin Lohman then addressed the people and after stating the object of the gathering announced that one thing he had wanted to see for 30 years was statehood, and then shouted, "Hurrah for the state of New Mexico," in Spanish.

Judge Frank W. Parker, who was then introduced, congratulated Las Cruces upon getting statehood and also as account of the fact that the Elephant Butte dam is about to become a reality.

Judge Parker also took up the objections that have been raised to the terms of the act of congress but says he believes that there is nothing to merit so much attention, saying that the people of New Mexico have it in their power to show congress that it was not necessary to place the restrictions but that the regulations would do no harm.

Following Mr. Young was Ralph C. Ely, of Deming, who was well received. He was followed by Isidoro Armitjo, Mark B. Thompson, Gen. B. J. Viljoen, R. E. McBride, Albert J. Fountain, M. O. Llewellyn and H. B. Holt.

**ALFALFA LAND FOR ORCHARD.**  
Las Cruces Farmer Plans to Set Out 35,000 Trees This Fall.

Las Cruces, N. M., June 24.—Dr. W. C. Field, of El Paso, has purchased for the Mesilla valley and one of the largest land holders in the valley and an agriculturist, has set aside a large parcel of his fine alfalfa farm west of town, and in the fall will set out about 35,000 fruit trees, more than three-fourths of which will be pears. Dr. Field expects to net from \$500 to \$1000 per acre from his land when the annual investments are called for by the government rather than the \$20 to \$30 from crops as are now grown.

**ANTHONY LUMBER YARD HOUSES NEAR FINISH.**  
Have Concrete Base and Galvanized Iron Roof; King Will Build Residence; Personal News.

Anthony, N. M., June 24.—The Valley Mercantile and Lumber Co., has nearly completed its new lumber shed. It is 100 by 24 feet with a concrete base and galvanized iron roof. Three carloads of lumber have been received and another shipment is expected daily.

Doctor A. E. Lawson, wife and daughter, have gone to Cloudcroft where Mrs. Lawson and daughter will spend the balance of the season. They have rented a cottage for this summer but will buy land and build a cottage for next year.

Florence King has purchased three lots in the Miller addition to Anthony and expects to soon put up a residence.

Mrs. J. H. Morgan, who has been visiting Mrs. C. E. Miller, has returned to her home in El Paso.
